Expertise

- Project Management
- Teamwork
- Critical Thinking
- Effective Communication
- Programming

Language

- **Telugu (Mother Tongue)**
- **Kanada**
- **English**

TECHNICAL SKILLS

- Programming Languages: HTML, CSS, JavaScript, Python, SQL,C Web Development Frameworks: React.js, Node.js, Django Database Management: PostgreSQL, MongoDB, Strong Analytical and Problem-Solving Skills

PROJECTS

Online JobPortal System

- Engineered a dynamic job portal interface, leveraging user data analytics to optimize job recommendations, leading to a 30% boost in successful job placements and a 20% rise in user retention rates
- Technologies Used: Python, Django, HTML, CSS, JavaScript, Postgresql

Hospital Management System

- Developed a Hospital Management System website using the MERN (MongoDB, Express.js, React.js, Node.js) stack. The website facilitates efficient management of hospital operations including patient records, appointment scheduling, doctor management, and inventory tracking. Technologies Used: Frontend: HTML, CSS, JavaScript, React.js Backend: Node.js, Express.js Database: MongoDB

EVENTS AND COMPETITIONS

Learnathon :
Organized By: KL University Description: Engaged in a learnathon aimed at enhancing skills in Django application development. Participated in hands-on workshops and practical exercises.

Hackathon :
Organized By: KL University Description: Participated in hackathon focused on developing MERN stack applications. Collaborated with a team to ideate, design, and implement a project within a specified timeframe. Role: Frontend-Developer

CERTIFICATIONS

- **Developing Back-End Apps with Node.js and Express**
